- 6.1.2** Based on the findings of the Feasibility Study, TALT will provide a positive or negative delivery advice regarding the feasibility of the assignment. A positive delivery advice usually implies that TALT will then carry on with the delivery. A negative delivery advice implies that TALT will decline the delivery with cause and will provide an alternative where possible.
- 6.1.3** The costs of the Feasibility Study will always be borne by Customer regardless of the results of the Feasibility Study.
- 6.2 (Delivery) Dates**
- 6.2.1** All (delivery) dates which may be named by and may be applicable to TALT are determined to the best of TALT's knowledge on the basis of information made known to TALT and will be taken into consideration as much as possible.
- 6.2.2** (Delivery) dates shall therefore not be considered to be absolute (delivery) dates within which must be delivered, but a time period within which TALT shall strive with best efforts to deliver the agreed upon items. If it is not possible to keep to the (delivery) date, then TALT and Customer will consult with each other to agree on a substitute (delivery) date.
- 6.2.3** Exceeding a given (delivery) date which may be applicable never constitutes an attributable shortcoming by TALT. TALT does not accept liability under any circumstances in cases where the (delivery) date may be exceeded.
- 6.3 Reservations**
- 6.3.1** TALT shall commence execution of the agreement between TALT and Customer only after a signed copy of the agreement drawn up by TALT has been received by TALT and/or having received timely payment of all amounts due in full. Should TALT commence execution of the agreement prior to receiving a signed copy of the agreement and/or having received timely payment of all amounts due in full, TALT reserves the right to suspend execution of the agreement pending receipt of a signed copy of the agreement and/or full payment of all amounts due.
- 6.3.2** Customer's rights, such as but not limited to the transfer of Products, are provided under the suspended condition that

6.3.3 If Customer fabricates a new product, on the basis of the Products delivered by TALT, this will be done on behalf of TALT and Customer will keep the new product for TALT until all amounts due on the basis of the agreement have been paid on time and in full. TALT will maintain all the rights as owner of the new product until the moment payments have been made on time and in full.

6.4 Risk

6.4.1 From the moment of delivery Customer will bear the risk of the Products delivered even if possible ownership and user rights have not yet been transferred. Customer will therefore be held accountable for full payment of the Products delivered regardless of the destruction of or the decline in value of the Products delivered due to circumstances for which TALT cannot be held accountable.

6.4.2 The aforementioned will also be applicable from the moment in which Customer does not make it possible for TALT to make a delivery.

6.5 Demo period

6.5.1 TALT may, at TALT's sole discretion, grant Customer an demo period for the Products and Services. A demo period is only applicable, if such is confirmed by TALT in writing.

6.5.2 Unless otherwise agreed upon, the demo period will have a duration of 3 (three) days commencing upon delivery.

6.5.3 During the demo period TALT will have no obligations and/or responsibilities. Use of the Products and Services during the demo period is at the sole risk and expense of Customer.

- b) Back-ups and/or all other possible copies of the Products and Services are deleted/destroyed; and
- c) Products and Services are in the possession of TALT within 7 (seven) days after the end of the demo period. Customer bears the costs and the risk for (a timely) return of the Products and Services to TALT.

6.5.5 Customer agrees that in case of any breach of clause 6.5.4, TALT has the right, without further notification being required, to charge Customer the license fees and/or other fees then applicable if the Products and Services were to be acquired after completion of the demo period, notwithstanding the right of TALT to claim full compensation for damages incurred.

6.5.6 Data generated by Customer during the demo period will remain the property of Customer. It is Customer's sole responsibility to Back-up and/or transfer data to an alternative system prior to discontinuing use of the Products and Services. TALT does not have any obligations with regard to the aforementioned data during the demo period or thereafter.

6.6 Delivery, Installation and Acceptance Procedure

6.6.1 TALT shall deliver the Products and Services to Customer in accordance with the specifications established in writing by TALT and, if desired by Customer, shall install them.

6.6.2 Delivery of the Products and Services takes place when they are made available to Customer at TALT's premises or at a Datacenter used by TALT.

6.6.3 The delivery of services by or through TALT takes place at

the place and time that the services are performed.

6.6.4 Only if installation is carried out by TALT, an acceptance period is applicable immediately following completion of the installation applicable. The acceptance period for Customer runs for 14 (fourteen) days following completion of the installation. During the acceptance period, Customer is not permitted to use the Products and Services for production and/or operational purposes.

6.6.5 The Products and Services shall be considered by both parties as accepted:

- a) upon delivery if there is no acceptance period applicable, or
- b) if an acceptance period is applicable, on the first day following the acceptance period, or
- c) when TALT, before the end of the acceptance period, receives a Test Report (clause 6.7): at the moment that the Errors (clause 6.8) identified in that Test Report have been repaired, notwithstanding the presence of small Errors which according to clause 6.8.4 do not hinder acceptance.

6.6.6 If the Products and Services are delivered and tested in phases and/or parts, the non-acceptance of a particular phase and/or part will not delay the acceptance of an earlier phase and/or another part.

6.6.7 Contrary to the preceding, the Products and Services shall be considered as accepted if Customer uses the Products and Services in any manner for productive or operational purposes before the moment of acceptance. The Products and Services shall be considered as accepted from the beginning of any such use.

6.7 Test Report

6.7.1 If it becomes apparent during the acceptance period that the Products and Services contain Errors, as described in clause 6.8, which hinder the progress of the acceptance test, Customer shall inform TALT no later than the last day of the acceptance period of the Errors in a written and as detailed as possible Test Report. In which case the still remaining acceptance period will be interrupted until such time as the Product is so modified that the Errors are repaired.

6.8 Errors

6.8.1 Error(s) means the failure to fulfil the functional specifications set out in writing by TALT and, in cases of developing custom work TALT Products, the functional specifications expressly agreed upon in writing. An Error only exists where such can be demonstrated and reproduced. Customer is required to immediately report possible Errors to TALT.

6.8.2 Every right to repair of Errors lapses if the Products provided by TALT are altered in any way or form.

6.8.3 The repair of Errors shall take place at the location to be determined by TALT. TALT is entitled to install temporary solutions, emergency solutions, detours and/or other problem-avoiding measures in the Products.

6.8.4 Acceptance of the Products may not be withheld on grounds other than those which are related to specifications which have been expressly agreed upon between the parties nor, furthermore, due to the presence of small Errors which do not reasonably impede putting the Products into productive or operational use.

6.9 Replacement Performance

6.9.1 TALT is permitted to deliver alternative Products than those Products ordered by Customer if the performance and operation of such alternative Products is essentially no

- different from the Products ordered.
- 6.9.2** If the agreement is concluded with the objective of having activities carried out by a particular individual, TALT will be entitled to replace this person with another person with the same qualifications.
- 6.10 Warranty**
- 6.10.1** For a period of 3 (three) months (Warranty period), commencing upon acceptance (if the moment of acceptance is unclear the date the agreement was entered into shall apply), TALT shall strive to repair any Errors to the best of its ability, provided these Errors have been reported in detail in writing to TALT within the Warranty period. TALT, at TALT's sole discretion, is entitled at its expense to repair, modify or replace the Products.
- 6.10.2** TALT is entitled to invoice its usual prices and the costs for repair, modification or replacement of the Products if the Error is deemed to be caused by mistakes made by Customer, the result is of improper and non-careful use, the result is of other causes that may not be attributed to TALT or if Customer could have reasonably detected the Error during the acceptance period.
- 6.10.3** The Warranty does not cover the reconstruction and/or repair of mutilated and/or lost data and/or information. TALT does not warrant that the Products shall function without interruption or without Errors, are suitable for every intended use of Customer and/or will lead to results desired by Customer during or after the Warranty period. The Warranty obligation is void if Customer alters the Products, or has them altered, without the written permission of TALT, as required in clause 2.1.4.
- 6.10.4** After expiry of the Warranty period, TALT shall not be bound to repair, modify and/or replace the Products, unless parties have agreed otherwise.
- 6.10.5** The Warranty provided on Third Party Products is limited to the Third Party General Conditions as maintained by the supplier of Third Party Products as described in clause 5.
- 7. PRICES/PAYMENTS**
- 7.1 Prices and Payments**
- 7.1.1** All prices exclude VAT and other levies imposed by the government. The amounts invoiced to Customer will include applicable VAT and other levies possibly imposed by the government.
- 7.1.2** TALT will invoice the amount, appropriately itemized, owed by Customer on a monthly basis to Customer and/or other term indicated in the agreement. Customer will pay all amounts indebted within 14 (fourteen) days of the invoice date. These payments will not be subject to compensation, set-off ("verrekening") or suspending of obligations ("opschorting"). Complaints about the invoice must be brought to TALT in writing and with proper arguments. Disputing of a part of the invoice, whether well-founded or not, leaves unhindered the obligation to pay the undisputed part in accordance with this clause.
- 7.1.3** Should Customer fail to fulfil any payment obligation, Customer is in breach without any further notification of breach being required. TALT reserves the right to charge all incurred costs to Customer, including judicial and extra-judicial expenses, with regard to the collection of debts from Customer. Extra-judicial collection costs amount to 15% of the debt, with a minimum of € 500,- (five hundred euros). In any case Customer will be charged interest on a monthly basis, at the legal percentage rate increased with 3%, on all outstanding debts starting from the date of failure to pay.
- 7.1.4** Until full payment has been made, TALT has the right to suspend all services and obligations to Customer. Customer's obligation to meet Customer's commitments remains unchanged.
- 7.1.5** If TALT is unable to make a delivery in time due to Customer, TALT will have the right to charge a 1,5% interest reimbursement on a monthly basis over the indebted amount.
- 7.1.6** The indebted amount meant in clause 7.1.1 may be increased with order costs, postage costs and costs of third parties. An increase can also take place in the event that activities have to take place outside of TALT's office. In the event that activities need to take place outside of TALT's office, hourly rates, travel and waiting time compensations, actual travel and/or kilometer compensation, hotel expenses and any other costs connected to such services will be charged. The means of transportation will be determined by TALT. The foregoing is also applicable to services provided outside of The Netherlands.
- 7.1.7** Above mentioned paragraphs leave all the legal rights of TALT unhindered, when Customer fails to meet Customer's commitments.
- 7.2 Price Changes**
- 7.2.1** The Prices agreed upon by TALT and Customer are among other things based on the costs of energy and salaries, social premiums, materials and travel and accommodation costs, etc., as well as the rate of exchange between the currencies as applicable at the time of entering into the agreement. TALT is authorized, in case of changes to one or more of the cost items (for instance Third Party Products and Services) and/or changes in the rate of exchange, changes to the Consumer Price Indices (Consumentenprijsindices (CPI)) or the CBS index for business services (CBS Prijsindex 6202 Computeradvisering), to adjust prices to these changes. At least every January TALT will increase its prices, based on the figures, published by CBS 'CBS Prijsindex 6202 Computeradvisering', on January 1st (if necessary based on the figures of Q3). Changes will be rounded off upwards to a multiple of € 2,50.-.
- 7.2.2** TALT will offer Customer the possibility to become acquainted with possible changes in prices. If Customer does not agree with a price change, Customer will only be permitted to terminate the agreement from the date the change in price becomes applicable, if and as long as the total price increase during 1 (one) year exceeds the yearly inflation rate of the current year (or previous year for price increases announced for the next year) as published by the CBS (Dutch Bureau for Statistics) by 5%.
- 7.3 Fixed Price**
- 7.3.1** In the case of a Fixed Price agreement, activities will be performed on the basis of a prior agreed upon price.
- 7.3.2** Unless TALT can appeal to clause 1.7.4, extra hours will not be charged.
- 7.4 Subsequent Calculation**
- 7.4.1** When charges are to be based on Subsequent Calculation, this means that prior to TALT commencing the agreed upon activities a global estimate can be made of the expected costs. On conclusion of the activities carried out, all costs actually incurred related to the activities will be calculated and charged. Customer is, then, aware that there is a possibility that the previously made estimate could be lower than the costs actually incurred. If no agreements have been made regarding billing, activities will be performed on

the basis of Subsequent Calculation.

7.5 Advance

- 7.5.1** TALT has the right to charge payments in Advance. If full payment of the Advance is not made, TALT has the right, undiminished its other rights that may flow forth from the agreement, to suspend all its obligations and all amounts owed by Customer will be immediately due.

8. INTELLECTUAL PROPERTY RIGHTS

8.1 Rights of TALT and Customer

- 8.1.1** TALT has the exclusive right to further develop the TALT Products and place them at the disposal of third parties by means of licenses.
